WE STAND FOR WILDLIFE

Khyber and her companions need you more than ever

Dear Ronald,

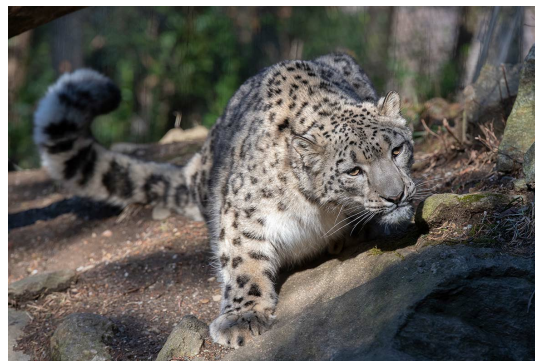

Last year, the whole country fell in love with Khyber the snow leopard when she was featured on Animal Planet's *The Zoo*, and she's been delighting zoo visitors ever since.

Right now, no one can visit Khyber except her caretakers, because the Bronx Zoo's gates are closed to visitors (along with all our zoos and aquarium during this public health crisis). [But even though you can't visit, you can still show your love and support for Khyber and all our animals by donating to help support their care while we're closed to the public.](#)

No one knows how long this closure will last, and that poses a big challenge for us. Our zookeepers will continue to show up for the animals and care for them with all the usual love and dedication they deserve. You can show up for them, too, with your generous donation today.

Think about Khyber and all the other hundreds of animals in the Bronx Zoo. All the wildlife residents, large and small, of all five of our parks. And all the wild animals we work to protect, all around the world. While the current crisis is urgent for people, it's an enormous challenge for wildlife, too—and the impact will be lasting. [Can they count on your help?](#)

[Please make a generous gift today to help provide the food, veterinary care, and enrichment all our animals need.](#) Together, we can overcome this

COVID-19 UPDATE:

Your support needed to help care for all our zoo animals

DONATE

challenge, and we can't wait until we are able to welcome you back.

Thanks for your support,

Jim Breheny
Director of the Bronx Zoo
Executive Vice President of WCS Zoos & Aquarium
